

# Abstraction layers

## Application layer "user space"

Command line

Debugging tools

Utility

## System layer

display.h  
Rendering

io.h  
Standard I/O  
Printing

rf.h  
RF control  
Sending&Receiving  
Debug

sys.h  
watchdog control

## Driver layer

TFT\_22\_ILI9225.h  
Display driver  
(Third party)

ExtRAM.h  
SPI SRAM driver

RH\_ASK.h  
Radiohead RF library  
(Third party)

## Arduino hardware layer

Arduino hardware abstraction  
layer (Arduino framework)

AVR.h
